SO PROUD OF IMPROVEMENT

Lady Living Near Memphis Improved So, From the Use of Cardui, That It Made Her Husband Proud.

Memphis, Tenn.—Mrs. Emma D. Looney, whose address is R. F. D. No. 1, Box 87 A, Memphis, Tenn., writes: "I hardly know how to express my gratitude for the advice you gave me. I had suffered untold misery for nearly eight (8) years, but since taking Cardui I can truthfully say that I suffer but little pain and am able to stay out of bed."

"Since taking Cardui I have not missed a meal and am much stronger. Many thanks to you for your advice and for your wonderful medicine Cardui. I wish I had begun using it long ago. Mr. Looney is so proud of my improvement."

Be sure that Cardui will bring you strength, if you will use it regularly, for a reasonable length of time, as a tonic should be used.

You can depend on Cardui, because everybody who has tried it is enthusiastic in its praise. Cardui is advertised by its loving friends. It has stood the test of time, which few of the modern, half-tested remedies have done.

How many of the medicines for human ills, in use half a century ago, are still in common use for the same troubles? Very, very few—but of that few, Cardui is one, a very important one, because, of them all, it is the most popular, as judged by the demand and sale.

MAN FALLS FROM TRAIN. Is Horribly Crushed and Mangled and Injures His Neck Fatal.

[Special to The Times-Dispatch.]

Franklin, Va., February 15.—William M. Branch, a young man of this place, was horribly crushed and mangled when he fell from a train at Seaboard station. Mr. Branch entered the train with a young woman and came out of the car after the train had started off, when he jumped from the steps. For some unknown reason he held on to the railing, and was swung under the platform. His right leg was run over just above the knee and his left leg was caught between the two cars and broken in two places. He was pulled from under the train just before the last truck reached him. He was immediately carried to his home. The attending physicians, Drs. H. H. Cobb, E. A. DeBordenave and A. P. Cutchins, amputated the right leg and set the left. They cannot tell whether the man will recover or not.
